

Greenwood Strong

Strength in Water, Power in Community

A transformative swim program building water confidence and swimming proficiency in Tulsa's underserved communities.

by Rhonda Holt

Made with **GAMMA**

Pool Deserts & Disparities in Swim Access

In Tulsa, a troubling reality persists: many families in underserved neighborhoods lack access to swimming facilities and programs.

- Limited accessible swim programs for underserved communities
- Transportation and financial barriers prevent participation
- Drowning disproportionately impacts Black and Hispanic youth as a leading cause of death

Swimming Pool Access on Pool Deserts

Our Vision: More Than Just Swimming

Life-Saving

Swimming skills prevent drowning and build water safety awareness that lasts a lifetime.

Confidence-Building

Mastering water skills creates profound self-confidence that extends beyond the pool.

Community-Strengthening

Swimming programs create bonds between families and generations while honoring cultural heritage.

The Greenwood Strong Program

6-Week Community Swim Series

- Progressive curriculum focused on confidence, safety, and skill-building
- Priority enrollment for North Tulsa families
- Certified instructors paired with community mentors
- Free or sliding-scale cost structure
- Transportation support through partnerships with local services

Program Highlights

1 Inclusive & Culturally Responsive

Our program acknowledges historical barriers to swimming access and incorporates culturally sensitive approaches to water safety and instruction.

2 Transportation Assistance

We eliminate one of the biggest barriers by providing shuttle services from community hubs and schools to partner pool facilities.

3 Family-Focused Approach

Parents and guardians are encouraged to participate, creating multi-generational water confidence and family bonding experiences.

Our Name & Symbolism

Greenwood Strong

Our name honors the historic Greenwood District of Tulsa while embodying our core values:

- **Strength in Water:** Developing essential survival skills that build physical and mental resilience
- **Power in Community:** Reconnecting the legacy of Greenwood through shared experiences and collective growth

We draw inspiration from the resilience and community spirit that defined the original Greenwood District.

Digital Platform Features

Streamlined Registration

Mobile-friendly forms with multilingual support and simple user flow to remove barriers to participation.

Transportation Coordination

Interactive map interface allowing families to select pickup locations and receive route notifications.

Community Showcase

Gallery highlighting participant achievements and community events, building pride and connection.

Scholarship Portal

Simplified application process with privacy controls and automated backend processing.

Impact Goals

150+

Participants

Children and families served in our first year of operations across North Tulsa

100+

Certified Swimmers

Children completing the program with demonstrated water competency

70%

Fear Reduction

Decrease in reported water anxiety among participants through our confidence-building approach

5+

Local Partners

Strategic partnerships with schools, community organizations, and sponsors

What We Need

To transform our vision into reality, we're seeking community support in three key areas:

Funding

Pool rental fees, instructor compensation, swim equipment, and transportation costs

Partnerships

Collaboration with schools, community centers, pools, and local businesses

Volunteers

Swim mentors, transportation coordinators, and community advocates

Join Our Movement

Together,
we can
ensure
every child
in Tulsa
has the
opportunit
y to be
water-safe
and water-
confident.
